

New Library Light across all Liverpool City Region Library Services

This new service means that you can use your Halton library card in any other library across the Liverpool City Region.

Library Light means existing customers can access all libraries across the Liverpool City Region with their current library card. Simply present your library card, provide your name, address and contact number and 'Library Light' will do the rest for you.

It comes after libraries across the Liverpool City Region, covering the local authority areas of Halton, Knowsley, Liverpool, St Helens, Sefton and Wirral, worked together to explore new ways to make it easier for customers of one library service to be able to use the other libraries too. This will be helpful for people who live in one borough and work, study, or visit other neighbouring boroughs.

Library Light will let you:

- Borrow up to six books from any neighbouring library services – you will need to return those books to the library authority you borrowed them from.
 - Reserve up to six books from any library in the Liverpool City Region by contacting them directly.
 - Access PCs
- Library Light is available for all ages.
