

Halton Loneliness Survey

Help us understand and combat loneliness in Halton.

Are you lonely? Do you know or work with people who are lonely?

Loneliness can have a terrible impact on a person's physical and mental health.

We want to hear your thoughts on loneliness in our community so that we can explore ways to support anyone affected by loneliness and social isolation.

Our survey should only take around 5-10 minutes to complete and is completely anonymous.

Scan the QR code with your phone or mobile device camera to access the survey.

If you would prefer a printed version of the survey, copies are available at this location - please ask a member of staff.
